

BAREFOOT GARDENERS OF FENWICK ISLAND

STORYTIME IN THE PARK

Children will have the opportunity to plant host and nectar plants in the butterfly garden of the Town Park to encourage butterflies to reside in the garden. Storytime attendees will harvest butterfly larvae, while learning about the different stages of a butterfly's life. Rick Mikula, the "Butterfly Man", will make a special personal appearance on July 20th.

July 6th

July 20th

August 3rd

August 17th

Other anticipated activities of "Storytime in the Park" include the planting and harvesting of a vegetable garden, and on the final Storytime date the children will feast on the products of their endeavors. There will be several "make and take" programs that will complement the theme of each Storytime. "Storytime in the Park" is designed, primarily, for children from pre-school age through elementary school age.
