**THE EARTH DAY NETWORK 2019 NATIONAL CAMPAIGN  
IS TO PROTECT OUR SPECIES!**

The goal is to elevate understanding and foster action to stop the decimation of species around the globe. The number of individuals across species of mammals, birds, reptiles, amphibians, arthropods (insects and arachnids), fish, crustaceans, corals and other cnidarians, and plants have declined, in many cases severely, over the past century.

This event is partially sponsored by the Town of Fenwick Island's Sustainable Community Plan project partner:

**KCI TECHNOLOGIES**  
ENGINEERS | PLANNERS | SCIENTISTS | CONSTRUCTION MANAGERS
