Through ICS, the Insured Cash Sweep service, you can place public funds into interest-bearing demand deposit accounts (using a demand option) and/or money market deposit accounts (using a savings option) that are eligible for FDIC insurance (which can eliminate ongoing collateral tracking burdens and having uninsured funds to footnote in financial statements). And Insured Cash Sweep makes it easier than ever for you to earn a return while protecting the public's vital resources. Enjoy peace of mind with access to multi-million-dollar FDIC insurance. Your funds are eligible for protection that is backed by the full faith and credit of the federal government. And you can forego the need for tracking collateral on an ongoing basis, opening accounts under different insurable capacities, or managing multiple bank relationships. The ICS demand option (where funds are placed into demand deposit accounts) offers unlimited program withdrawals. The ICS savings option (where funds are placed into money market deposit accounts) allows up to six program withdrawals per month. Your funds can be placed using either or both ICS options to best match your cash management and liquidity needs.
