5. Old Business: N/A

### 6. New Business:

Alterations to the DNREC ADA Ramp have been proposed. The ramp is currently covered in sand and not usable. Natalie and Pat reached out to be in contact with the design engineer to understand their plans for the ramp. Fenwick Island provides Mobi Mats for dune crossings which may meet ADA requirements. The guards also offer assistance and beach wheelchairs are available. The dunes and the ramp are not Fenwick Island property since the state owns the beach, therefore any final decisions and actions about the ramp are left to DNREC.

7. Public Participation: N/A
