

ACTION FORM

PROCEEDING Council Meeting	FORM NUMBER: 2026-003
DEPARTMENT OF ORIGIN: Infrastructure Committee	DATE SUBMITTED: 5/22/26
PREPARED BY: Susan Brennan	
SUBJECT: ArcGIS Mapping System Subscription	
REFERENCE: Straughan Environmental Recommendations	
RELATED PROJECT: Resiliency and Flooding data	
REVIEWED BY: Erin Ellinger	
EXHIBITS:	
EXPENDITURE REQUIRED: \$950.00	AMOUNT BUDGETED: \$0
FUNDING SOURCE (Dept./Page in CIP & Budget):	
GRANT DATA (if applicable): N/A	
Grant Name:	
Matching Funds required? If Yes, how much?	
TIMETABLE: Immediately	
RECOMMENDED ACTION:	

BACKGROUND AND ANALYSIS

The Infrastructure Committee is requesting approval to subscribe to an ArcGIS mapping system to support the Town's ongoing resiliency and flood mitigation efforts.

This subscription will provide the Town with access to a centralized, interactive geographic information system (GIS) platform that allows for visualization, analysis, and management of spatial data. The system will support mapping of critical infrastructure, flood-prone areas, drainage patterns, and sea level rise projections, as identified through recent work with Straughan Environmental.

The ArcGIS platform will enhance the Town's ability to evaluate and prioritize resiliency projects, communicate data to Council and the public, and support long-term planning efforts. It will also improve coordination with consultants and regional partners by providing a standardized and accessible data platform.

The requested subscription represents a cost-effective tool to implement and utilize the data and recommendations already developed through the Town's resiliency initiatives and will support informed decision-making moving forward.
