Members, guests &
Fenwick Island neighbors
are all welcome.
Bring the family.
Bring a friend.

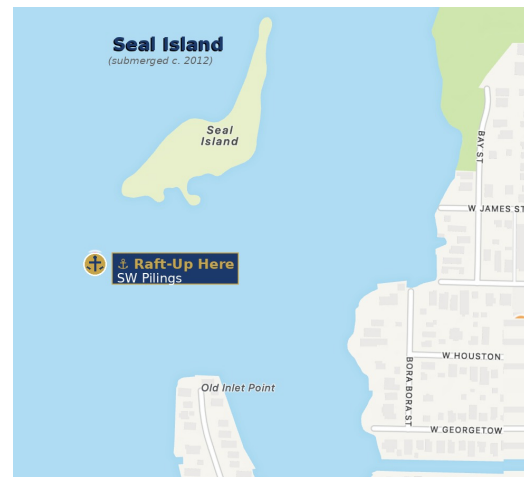

★ About the DarkSky Partnership ★

Fenwick Island's Ad Hoc DarkSky Committee works to restore our nighttime environment — protecting wildlife, human health, and the beauty of a star-filled sky.

The Moonlight Sail is a living example of what dark skies make possible: a quiet ride across Little Assawoman Bay with stars overhead and the moon lighting the water. Come out and see what we've been protecting.

Weather Dependent

Cloudy skies may shorten the evening. Rain or high winds = cancel. Check email or Facebook for updates.
